

1. Industrial chemicals

1. Formaldehyde liquid chemical
2. Thikri naushadar pure
3. Sulphamic acid powder
4. Sodium polyacrylate powder
5. Copper sulphate crystals
6. hydrogen peroxide liquid
7. Caustic soda lye
8. Dcm shriram bleaching powder
9. Potassium bicarbonate powder
10. Acid slurry labsa
11. Emulsolic olic acid
12. Barium chloride powder
13. Crospovidone XL 10
14. Sodium measilicate powder
15. White zinc oxide
16. Carmoisine food colour
17. Phthalic anhydride powder
18. White dextrine powder
19. Borax decahydrate powder
20. Ethyl acetate chemical
21. Yellow bees wax
22. Ammonium sulphate powder
23. Navyug benzoic acid
24. Ferric chloride anhydrous
25. Sodium thiosulfate hypo
26. Chrome oxide green
27. Caustic potash/ potassium hydroxide
28. Polymeg 6000 ph
29. Phosphoric acid liquid
30. Isopropyl alcohol liquid
31. Saraswati camphor powder
32. Liquid nitric acid
33. White petroleum jelly

2. Food chemicals

1. Sodium bicarbonate food grade
2. Soya lecithin liquid
3. Maltodextrin powder mdp
4. Trisodium phosphate
5. Lactose food chemicals
6. Kms potassium metabisulfite
7. Glacial acetic acid

8. Ammonium bicarbonate
9. Vital wheat gluten
10. Dextrose monohydrate powder
11. Sodium nitrite powder
12. Potassium citrate powder
13. Lactic acid liquid
14. Yellow dextrine powder
15. Whey protein concentrate
16. Dry yeast powder
17. DL tartaric acid
18. Potassium sorbate powder
19. Sorbitol liquid chemical
20. Vietnam phosphoric acid
21. DI sodium phosphate
22. Sodium benzoate powder
23. Maize starch powder
24. DL - malic acid powder
25. Prestige dry yeast

3. Pharmaceutical chemicals

1. Carboxymethyl cellulose chemical
2. Propylene glycol chemical
3. Ascorbic acid/ vitamin c
4. Magnesium citrate powder
5. Magnesium stearate powder
6. Godrej AOS powder
7. Tri ethyl maine hydrochloride tea HCL
8. Benzoyl alcohol IP
9. Tween 80 liquid
10. Calcium peroxide powder
11. Dextrose anhydrous powder
12. Benzalkonium chloride liquid
13. Magnesium chloride flakes
14. Sodium chloride powder
15. Methyl salicylate IP
16. Salicylic acid powder
17. Bronopol chemical powder
18. Sodium acetate powder

4. Chemicals

1. Oxalic acid powder
2. Tcca 90 tri chloro iso cyanuric acid granules

3. Chromic acid chemicals
4. Sodium penta chloro phenate
5. Calcium sulphate powder
6. Liquor ammonia chemicals
7. Light liquid paraffin
8. Soda ash light
9. Methylene dichloride MDC
10. Hydrated lime powder
11. Ammonium acetate powder
12. Cdea CoCodiethanolamide liquid
13. N butyl acetate
14. Toluene solvent chemical
15. White melamine powder

5. Industrial chemicals

1. Epsom salt crystals
2. Silica gel pouch
3. Caustic soda prill
4. Dilute hydrofluoric acid
5. Zinc chloride powder
6. Sodium nitrate powder
7. Idacol tetrazine colour
8. Mono ammonium phosphate
9. Yeast extract powder
10. Magnesium carbonate powder
11. Magnesium nitrate powder
12. Industrial chloroform chemical
13. Butylated hydroxy Toluene
14. Formic acid chemicals
15. DI potassium phosphate

6. Powder chemicals

1. Ammonium chloride powder
2. Sipernat-22S precipitated powder
3. Sodium citrate powder
4. Potassium chloride powder
5. Indiflo perlite filter aids powder
6. Sodium sulphate powder

7. Glycerol monostearate powder
8. Titanium dioxide powder
9. TBHQ powder (Tert-Butylhydroquinone)
10. Tricalcium phosphate powder
11. Pregelatinized starch powder
12. Carbopol 940 powder
13. Lithophone chemical powder

7. Textile Auxiliaries

1. Sodium hydrosulfite powder
2. Kalali safolite chemical
3. Sodium formaldehyde sulfoxylate
4. Tata soda ash
5. Sodium alginate powder
6. Sodium sulphide flakes
7. Caustic soda flakes
8. Sodium metabisulphite SMBS
9. Stable bleaching powder

8. Water treatment chemicals

1. Ferrous sulphate powder
2. Poly aluminium chloride
3. Sodium percarbonate powder
4. Alphox 200 Emusifier
5. White alum phitkari
6. Sodium hypochlorite solution
7. Ethylenediaminetetraacetic acid EDTA
8. Anionic polyelectrolyte powder
9. Sodium bromide powder
